and sad

Under Skyloft where Link now Lives far beyond the thick cloud cover there is a land.

In those days,
When there was still a peaceful inhabiting that world below a dark age of fear and betrayal reigned

I would rest a little more
And I was already thinking that
Give him his fangs!
But if you will even wake the lion

My Dear Hyka

Goddess I was imprisoned for a long time my honor no longer exists
I could not put my hands on so sacred an artifact.
It was created by the gods to us that we used to own

the gods were trying desperately to delay the evil.
So the power of the gods is in my hands!
This time I will be king of all

The desire of the wicked invade the world of the original surface.
Staining it with the colors of magma. Mountains and plains, all sources of purity of the land were taken mercilessly by fire.
Oh, goddess! If you do not turn the rescue?
It's the end of the world!
surely someone will save us!
gods do not abandon us in this time of need!

APENAS SUAS ORAÇÕES NÃO IRÃO DERROTAR OS DEMÔNIOS!
OS HUMANOS ESTÃO EM GUERRA

However they were a courageous people and continued to fight remaining steadfast!

But be sure that, I will certainly defeat you!
I'm not afraid of dying...

Undress your armor and kneel before me I will make sure the honor to serve.
Or maybe you prefer to be torn in half by my claws?
You Fool!
Will this be the last thing you'll see in life?
My homeland this clean air mountains rivers reduced to this

Left wing ?
Climb on my back
I got my eye on you during battle
Am I worthy to be your knight?
We must fight together for eternity

Yes
I swear
While you swear that you will fly beside me I will
Loftwing! will you show my people the path
to the skies?
That instant three dragons came flying in circles and blessing them
This symbol
O Hero! put your sword in offering to the goddess!
The master sword dwells on the legacy of the gods

Living descendants and take them... where the hands of the wicked do not reach, beyond the vast ocean of clouds, the highest point in the sky...
My land... My beloved people of Hylia... My human...
and then
protect the legacy of the gods the force from evil
And with a single movement of the sword, the goddess Hylia hangs the earth.

We are going to heaven!
LINK!
Grab it!
You will be left behind! fast!
The sword!

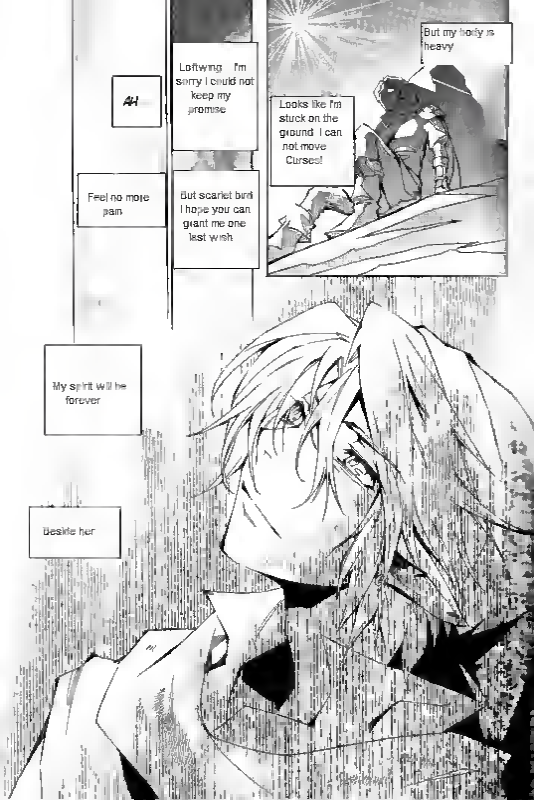
Guided by Lofting
ascend into heaven

I will pray for you ha, piness. But actually
Their new lives prosper my colleagues
I wanted to go with you to heaven



But my body is heavy
Looks like I'm stuck on the ground. I can not move. Curses!
Ah
Loftwing... I'm sorry I could not keep my promise
Feel no more pain
But scarlet bird I hope you can grant me one last wish
My spirit will be forever
Beside her

Where are the hidden golden triangles?
A sacred place where evil never managed to violate her!
They want to a place you will never achieve!
They will be protected by my beloved people!
Cursed goddess
They're in the hands of humans?
And when that day comes the demonic tribe will reign over this world!
do not think that this ends
That absolute power will be mine!

LINK!
LINK!

And she had served his master for all eternity
His spirit was built on this sword
You woke
Your prison outside architected by the gods was to have it strengthened!
Like a sword that had been melted and molded to never again break
it was necessary for you to be worthy of carrying the Master sword
that you love the land
Just like me
And this people
Your life was occupied by blame and suffering
I watched
And felt your pain like a knife going through my body

I will ensure that your heroic and gentle spirit live forever
Must he reborn again
When the land of Hyla is in danger
And maybe I should let my divinity live until our next meeting...
I want to reincover it as a mere human
Thousands of years later
And then

The lesson to be drawn here and we should honor his teachings
And such the benevolence of the goddess
LINK!
uuAH!

That red thing
What is that?
I would not say I'm always bored
Coming in my direction!
but
What?
But since I was little I always find myself staring at the sky

"Hello ... waited long."
" For this moment "
It was...
The look that seemed to say Loftwing.

Although we were separated by time and distance my spirit'll be always by your side.
A story that crosses destinations and through eternity
Let me introduce you to this tale written from the heart of a young pure and clean as a blank sheet
